## PROFESSIONAL SUMMARY

- Final-year BS Software Engineering student
- Hands-on experience through academic projects
- Strong foundation in Programming, DSA, OOP
- Quick learner and adaptive to new technologies

## EDUCATION

**Bachelor of Science in Software Engineering— COMSATS UNIVERSITY ISLAMABAD, ATTOCK,**  
(Expected Graduation: January, 2026)

- Relevant Courses: Data Structures, OOP, Databases, Web Technologies, Mobile App Development, Software Engineering, Computer Networks, AI, Operating Systems.

## SKILLS

- Technical: Java, python, ReactJS, PHP, Reactnative
- Tools: VS Code, Postman, GitHub, Figma, ChatGPT / AI tools, phpMyAdmin, Jenkins, Docker
- Soft Skills: Problem-solving, Communication, Client Handling, Team Collaboration, Time Management.

## EXPERIENCE

**Solution Explorers, India** (Dec 2023 – March 2025)

- Developed multiple responsive websites for clients using React, Html, and PHP.
- Improved website performance by resolving LCP, CLS, lazy-load, and image optimization problems.
- Built custom portfolio panels and dynamic dashboards.
- Integrated secure contact forms, payment gateways, and database-driven APIs.

## PROJECTS

- **GrocerMate**  
An intelligent grocery budget recommendation system that uses collaborative filtering and Ai algorithms to recommend the users grocery products according to their needs and budget constraints
- **THEO**  
An under-development website ordered by Irish customers that puts the permits issuing process at ease. Primarily built for Ireland but set to scale upto entire Europe by the first half of 2026.
- **Freightpower-Ai**  
An under-development web application ordered by the US customers that replicates Uber, but focuses on the Freight carrying services

## **CERTIFICATIONS**

- Self Learning From Youtube
- Ethical hacking -coursera
- Introduction to python-coursera

## **ACHIEVEMENTS**

- Runner-up in Coding competition held in CUI Attock
- Solved multiple advanced performance issues on largescale mobile apps.

## **EXTRACURRICULARS**

- Tech community contributor (online forums, GitHub).
- Worked on student tech events and coding competitions.

## **• LANGUAGES**

- English (Fluent), Urdu (Native),
